

Global Living

For anyone who has ever considered living in luxury in a foreign destination, The Harrison Team offers possibilities for clients to indulge in an international lifestyle. Relying on a powerful network of international connections, we provide clients the best investment options available in the foreign marketplace. To buy smart, The Harrison Teams helps investors address these important questions, then gets busy matching the right property with a clients' desired lifestyle:

- **What country best suits an alternative getaway lifestyle** – a country's infrastructure may affect how or if a client purchases there.
- **What do they want** – will it be a holiday retreat, retirement home, permanent residence, rental property or business location.
- **What will the property offer** – seasonal rentals, long holiday visits, weekend getaways, location to transportation, activities, city life, swimming pool, parking spaces.
- **What kind of property will meet lifestyle and investment needs** – a new home, a villa, an apartment, multi-unit building, buy to renovate, purchase in a new development or before the place has been built, and what size – how many rooms are needed.

Now Available Copacabana Lifestyle

The Harrison Team is currently representing exciting investment possibilities in Copacabana. Sophisticated, modern and completely furnished 2-bedroom, 2-bathroom condominiums located on Rua Francisco Sa in the heart of Copacabana await their interested investors.

A 15-second walk from Copacabana Beach, the 3rd floor unit has a wide open, 1,400 square foot floor plan that allows abundant sunshine. Each unit was designed and built by US-educated, Brazilian architect Mario Lordeiro. LuxoRio Condominiums, Rio de Janeiro's premier developer of high end real estate, is offering this new, luxuriously appointed, exclusive property for a great value.

With every detail finely attended to, the custom designed kitchen is a chef's dream with an imported Italian materials and Bosch appliances. Two beautiful bathrooms create a spa-like experience with a wall of floor-to-ceiling glass. All furniture is custom made by Finish, Brazil's leading modern furniture designer. With high end, exotic materials ranging from ultra-suede to Brazilian cherrywood, the furniture represents a fusion of skilled design with top quality materials.
